

# DO YOU NEED A FAMILY DOCTOR?

All BC residents can now register for a family doctor or nurse practitioner in their community through BC's Health Connect Registry. When you register, you are added to a centralized registry of primary care providers across your community.

Registration takes less than 10 minutes. You need to provide:

- Personal Health Number (PHN), found on your BC Services Card
- Home address
- Email address and phone number

## Ways to Register

1

**Register online** at [healthlinkbc.ca/health-connect-registry](https://healthlinkbc.ca/health-connect-registry)

2

**Call 8-1-1** for assistance, or to register for the Health Connect Registry in languages other than English

**After you have registered, wait to hear from the team in your community. But don't wait to seek care!**

Please continue to seek care at an Urgent and Primary Care Centre, a walk-in clinic, an ER as necessary, and continue to search for a Primary Care Provider on your own.
